senic, or Fluorides  
Address: 1716 & 1718 Lawrence St., Denver, Colo.

Yesterday THE COURIER announced the return of Louis Sterne and the fact that he would probably remain here indefinitely. He has accepted a position at the cigar store of David Lusser and will be among us in the future.

**THE SUPREME COURT.**

**Opinions Handled Since Session of Cases.**

The New Mexican of yesterday says: The supreme court met this morning and handed down a number of decisions. The case of A. M. Gentile vs. Margaret Crossan and Elliot Crossan, appealed from Bernalillo county, was reversed and sent back for a new trial, so as to admit certain evidence as to the boundaries of the tract of land involved.

The case of John W. Schofield, receiver of the Albuquerque National bank, vs. Stephen M. Polson, appealed from Bernalillo, was affirmed. In this case the court below sustained the assignment made by Polson and quashed the attachment gotten out by Receiver Schofield, and the supreme court says that the decision was right. The Lyndonville National bank's suit, also against S. M. Polson, was sent back for a new trial in Judge Collier's court. These three decisions were rendered by Judge Freeman.

Justice Smith announced a decision dismissing the appeal in the case of W. L. Bucher, trustee, vs. Moses Thompson, et al. from Sierra county. Mr. Bucher moved to dismiss the case on the ground that there had been no final decree rendered in the case.

Mr. J. W. D. Corder made a brief argument in the case of J. G. Clancy vs. J. G. Clancy, administrator of Charles E. Fairbank. The court took the matter under advisement and announced that a decision would be rendered on Thursday.

A motion and brief in the case of J. D. Bullard vs. Lorenzo Lopez, from Las Vegas, was filed and continued on account of the absence of Mr. Catron.

The hearing of the case of Charles Clason against the board of trustees of Cerrillos was postponed until Thursday on account of the absence of Attorney W. C. Heacock.

The court also announced that decisions in the cases of Peres vs. Harrison and the First National Bank of Albuquerque vs. Lee would not be rendered until the next term.

The court passed an order providing for the publication of the decisions of the court by the West Publishing company, of St. Paul, in its law publication, the Pacific Reporter.

The court admitted to citizenship a number of Cerrillos parties, and then adjourned until Thursday at 10 o'clock.

From Friday's Daily.

C. M. Taylor, one of the best division master mechanics of our acquaintance, who was let out when the New Mexico division of the Santa Fe was extended south to El Paso, and coming up the Rio Grande division, passed through the city last night from San Marcial for Chanute, Kansas, where he accepts the position of master mechanic on the Southern Kansas division of the Santa Fe road. He was accompanied by his wife and daughter, and his father, and the best wishes of the Terrazas and a host of warm friends, in central and southern New Mexico, went with them to their new home.

Dr. W. W. Harrison, president of the Bank of Commerce, who left for the town of Bernalillo yesterday afternoon, immediately upon hearing that his father-in-law, M. S. Otero, had agreed to run him for territorial council, vice the withdrawal of W. McInchell, returned from Bernalillo last night. The doctor is one of those mild-mannered pleasant gentlemen, exceedingly appropriate around a sick chamber, and it is a shame that he has suffered, without a kick, to be lead up to the slaughter, which will surely come on Nov. 6.

Word comes from Rev. J. W. Sanders, for several years the faithful and hardworking pastor of the First M. E. church, in this city, that the conference had assigned him to duty at Cheyenne, Wyoming, and that Rev. Turner will soon arrive to take charge of the church here. Last night Mrs. Sanders, who remained in the city with her husband, was off at conference, left to join him at Cheyenne, and a number of our colored people were at the depot to wish her a safe journey.

The republicans held a rousing rally at Cerrillos last night. Ex-Gov. Prince, H. S. Clancy, Chas. Dudrow and several others from Santa Fe got off the No. 1 passenger train there last yesterday afternoon, and made speeches for the republican cause. The bottom line was received in this city is to the effect that the big majorities the federal officers expect to get for the democratic ticket in Santa Fe will dwindle down to majorities on the other side.

W. C. Wykoop, a well known authority on mining and mines, lately of Colorado, is in the city, and met an old friend in Col. A. W. Harris. Mr. Wykoop a store holder and local agent of the Allerton ore mills at Allerton. The gentlemen, with his family, will soon become a resident of this city, and they will be welcome.

E. W. Thomas, general manager of the Rio Puerco Irrigation and Colonization company, left this afternoon for the east. This morning he introduced at the Terrazas a store holder and local agent of the Allerton ore mills at Allerton. The gentlemen, with his family, will soon become a resident of this city, and they will be welcome.

Seferino Tefoya, of Paredas, near the Atlantic & Pacific shops, died this morning at 1 o'clock from a kidney trouble. He was 65 years old, and one of the most influential Spaniards south of the city. His funeral will take place at the old town Catholic church at 9 o'clock to-morrow morning; burial in Santa Barbara cemetery.

Mrs. G. L. Brooks, chairman of the entertainment committee of the Free library, called at the Terrazas office this afternoon and stated that the committee had paid all bills contracted for the Halliwell's ball, and there is a balance of \$115. Pretty good for the first series of entertainments.

**A Temple of Health.**

Where vigor, good digestion, appetite and sound repose minister to physical comfort, is the bodily structure which, however much its foundations have been sapped by ill health, has been restored—rebuilt as it were—by the great renovating tonic, Hostetter's Stomach Bitters. Nothing better for the system has been discovered than this saving medicine, which, in the vigor and regularity it imparts to the system, ends it with the surest defense against disease, and the best guaranty of a long life and happy old age. Worn out men of business, tired mechanics, overworked strength laborers, broken down by hardship and exposure to malaria, mariners and tourists all declare that it is the best safeguard against the influence of fatigue, bodily or mental, and of climate and temperature. Incomparable for biliousness, rheumatic, kidney and nervous troubles.

**THE MASONRY MEETING.**

At the evening was present at Rev. and Mrs. Adkinson's.

A large number of Epworth Leaguers and their friends assembled at the Lead Avenue Methodist parsonage Wednesday evening in response to the following invitation:

To men and nephews  
and daughters  
to attend a merriment at 7 o'clock of  
Mr. and Mrs. Adkinson  
to join in a race and sports of  
of the fall  
Assembly place 7 o'clock  
of the thirty-first day of the month of October,  
1904.

A large Jack-o'-lantern beamed upon the guests as they stepped on the threshold. Mrs. Adkinson's Sunday school class assisted in receiving and entertaining the guests.

Apple parings hung over the doors. A huge Jack-o'-lantern, having a double face, swung between the double parlors, and candles were here and there through the house, casting a weird light over all.

The ladies and gentlemen were conducted into separate dark rooms, where they were instructed to pick up a flower, whose emblem, predicting their fortune, was attached on a piece of paper. The gentlemen found their partners by a duplicate flower in the possession of the ladies. Having secured their partners, they attended the "bean auction," presided over by Mr. Finical in his usual happy manner. This was very laughable and produced much merriment.

Then the gentlemen were conducted to a dimly lighted room, where they learned the name of their future wife; while the ladies indulged in the old time game of blowing out the candle.

Elegant refreshments were served—ice cream and cake, nuts and apples.

Apple seeds were counted and philosophies eaten.

At the close of the evening the guests were invited to visit the room of "the faces" by two. This was dimly lighted by the moon and stars. Skulls and skeletons, cut from paper, glared from different parts of the room. The guests, with ghoshs and a witch occupied the center of the room. The witch gave to each guest a souvenir card with a happy wish for the future.

**EVANS IN JAIL.**

At noon today Deputy Sheriff Jose Garcia, with a posse of officers, arrived in town from the mountains east of the city, having under arrest Joe Evans, a brother of Jesse Evans, both notorious, and lodged him in the county jail. The recent sorcery of the jury indicted the Evans brothers on the charge of stealing a flock of sheep from Elias Garcia, and on getting wind of what the jury was doing, the tough brothers left for parts unknown, Jesse, it is said, leaving for Texas. Jose went to the Evans stronghold, out in the Manzano mountains. The sheriff ascertained that he was in the mountains, and despatched a posse, under Deputy Garcia, to hunt him down. They discovered that Evans had barricaded himself in a house, and for two days they kept watch on the house. Finally, becoming hungry and thirsty, the desperado came out and surrendered. He is now looking between the bars of a cell at the county jail, where he will languish till his case can be heard.

**FUGITIVE IN JAIL.**

Cade Selvy, special agent on the Atlantic & Pacific, came in from the west yesterday afternoon and lodged in the county jail a Mexican, named Martine Chacon, whom he arrested near Heber, in Apache county, Arizona, about fifty miles south of Hereford. He forged an Atlantic & Pacific pay check of \$45, representing himself as one Aguilar, a section workman at Winslow and to whom the check was drawn. Juan Martine, of old Albuquerque, identified Chacon as Aguilar, when he knew different, and in consequence he was later arrested and placed in jail. The check was cashed by Andreas Romero, the Gold avenue meat marketer, who will prove the loser. This morning Chacon pleaded guilty to the charge, but Martine claims that he is entirely innocent of any connection with the affair. They will have a hearing before Justice Luskhart next Monday morning at 9 o'clock.

**A WELL-KNOWN WILDCRE.**

Lieut. Col. H. Lawton, inspector general of the United States army, who has been on a tour of inspection of the forts in New Mexico and Arizona, was in the city yesterday and this morning. The people of the two territories hold kind remembrances toward Col. Lawton, for the gallant service he did in leading the United States army, who were brave and bloodthirsty Apache chief, Geronimo. He was captain in those days, and in this city was presented with a magnificent gold watch and chain from the cattlemen. Col. Witcher, the paymaster, introduced the gallant soldier to many of our citizens. They will have a hearing before Justice Luskhart next Monday morning at 9 o'clock.

**OUR BROOM FACTORY.**

The broom factory, exclusively mentioned in THE CITIZEN some time ago, is a sure thing, and the rustling proprietor, Chas. May, although he has to buy his broom straw in Kansas, and therefore has strong competition, feels confident that the factory will continue to grow until it will be recognized as one of Albuquerque's permanent and successful institutions. Mr. May also informs THE CITIZEN that the business so far, comes up to his expectations, and that he is selling brooms by the wagon load almost every day. Yesterday two wagon loads were sent away from the factory.

**TERRIBLE SUFFERING.**

For several days, ever since he returned from Gallup, Ernest Meyers has been on the sick list. While at Gallup he made one of his mighty speeches, in which he told the good people out there what the democrats would do, and on his return home he was later plaid his remarks settled on his over-strained mind and stomach, and grieved at the thought that his words might not be believed by a few of the Gallapinites, he sickened and for a few days was under the tender care of the doctor and his wife. He is out today, but his appearance shows signs of hard suffering.

**A CAMPAIGN LIE.**

The malicious democrats are industriously circulating the report that Hon. Frank A. Hubbell asserted in one of his speeches out in the country that the grandfather of Berthold Spits killed Christ, and Mr. Hubbell solemnly declares he didn't say it.

**A FUGITIVE'S SQUAD.**

News has been received that M. A. Upson died at the residence of F. F. Garrett, at Uvalde, Texas, on the sixth of this month. As Upson, as he was familiarly known, was born in South Carolina sixty-five years ago. He made his first reputation as a writer while city editor of the Magazine. From Cincinnati he went to

Journalism, Mo., and published for several years a paper at that place. From there he drifted to Denver, where he was a writer on the Denver News and later he engaged in the newspaper business in Santa Fe. When Governor Mitchell came into office he appointed M. A. Upon assistant general of the territory, which position he held until some time after Gov. Pyle came into office. In 1874 Ash went to the Pecos valley and for twenty years that region has been his home—New Mexican

From Thursday's Daily.

T. R. Gabel, general superintendent of the Atlantic & Pacific, accompanied by John C. Dougherty, representing the reorganization committee of the Santa Fe system of records, and Le Grand Cannon and J. C. Dorian, arrived this afternoon in special car 99 from the west. The visitors will remain in the city for several days.

Mr. Otero has completed his ticket by substituting Dr. G. W. Harrison, his son-in-law, in the place made vacant by the declination of Mr. McIntosh. The ticket is once more complete, the whole Otero family being well represented.

This morning before one of Albuquerque's wholesale stores packages for shipment were piled, awaiting shipment as follows: Raton, N. M.; White Oaks, N. M.; Needles, Calif., and Deming, N. M.

The registration books of precinct No. 12 will be revised by the board to-morrow afternoon commencing at 1:30. All persons interested will take notice. By order of the board of registration.

Louis Sterne, formerly of this city, more recently of Marfa, Texas, returned to the territorial capital metropolis last night and will no doubt remain here permanently in the future. Louis is welcomed back.

Judge Sterry and wife, who have been absent, returned home on No. 3 last night. J. W. Walker, chief clerk for the Atlantic & Pacific, met them at Lamy Junction and returned with them.

A magnificent line of fine blankets from the San Jose, Cal., Woolen Mills has been received at Webb's Bargain store, and they are the finest blanket ever brought to this city.

J. E. Rounseville, a young republican lawyer, left this afternoon for Chicago, where he goes on business and to vote the republican ticket.

Madam Lorain, a well known mind reader and fortune teller, is in the city and has her name on the European register.

J. M. Leitch, of the firm of Clark, Whitson & Leitch, music and piano dealers, came up from El Paso last night.

H. Goodman, a merchant of San Pedro, accompanied by his wife, is in the city.

**A Woman assaulted.**

This morning Isidora Garcia de Lopez, a Mexican woman residing in the northeast section of the city, called at the office of Justice Lockhart and swore out a warrant against Juan Padilla, charging him with assault and battery. The woman states that Padilla attacked her last night with a piece of a brick, and beat her about the head and face. She produced the brick, which is blood stained, and pointed to a gash in her head and blood over her face as an evidence that she was telling the truth. She also stated that Padilla is implicated in stealing horses, and on finding out that she intended to "equal on him," he took out his revenge by assaulting her. The warrant was placed in the hands of the police, who are on the lookout for the woman beater.

**One of Joseph's Promises.**

For pure buncombe and cheeky promises Delegate Joseph is without a rival. Here is one of his pledges made in his speech in this city:

"I sympathize with the farmers and ranchmen of the Rio Grande valley for the damage that was done to their crops by the scarcity of water last summer, but gentlemen, I assure you that if I am elected to congress the Rio Grande will be overflowing with water next summer."

**PHYSICAL STRENGTH.**

cheerful spirits and the ability to fully enjoy life, come only with a healthy body and mind. The young man who suffers from nervous debility, impaired memory, low spirits, irritable temper, and the thousand and one derangements of mind and body that result from, unnatural, perverted habits usually contracted in youth, through ignorance, is thereby incapacitated to do as he ought to enjoy life. He feels tired, spiritless, and drowsy; his sleep is disturbed and does not refresh him as it should.

should; the will power is weakened, morbid fears haunt him and may result in confirmed hypochondria, or melancholia and, finally, in softening of the brain, epilepsy, ("fits"), paralysis, locomotor ataxia and even to dread insanity.

To reach, re-claim and restore such unfortunate to health and happiness, is the aim of the publishers of a book of 136 pages, written in plain but choice language, on the nature, symptoms and curability, by home-treatment, of such diseases. This book will be sent entirely in plain envelope, on receipt of this notice with ten cents in stamps, for postage. Address, **World Dispensary Medical Association, Buffalo, N. Y.**

For more than a quarter of a century physicians connected with this widely celebrated institution have made the treatment of the diseases above hinted at their specialty. Thousands have consulted them by letter and received advice and medicines which have resulted in permanent cures.

Sufferers from premature old age, or loss of power, will find much of interest in the book above mentioned.

**They Know the Colonel.**

The Albuquerque Democrat publishes a very weak appeal to the citizens of Gallup in its issue of this morning. Everyone knows the feeling of its editor towards county divisions. They know that he is now and always has been actively opposed to the formation of the county of Sumner—Gallup Glensaw.

**The Woman**

**Within Her Sphere**

Woman claims her own. Every day brightens her progress, shadows the greater triumph, equality are her positions in the

**TREATMENT FREE.**

**For One Month—Extraordinary Offer to the Sick People.**

**ONE MONTH'S TREATMENT.**

**Absolutely Free of Charge—All Medicines Included—Given by Dr. J. D. Prosser, Now in Albuquerque.**

All who commence treatment before November 15, will be given one month's treatment absolutely free of charge. All medicines included. All diseases and deformities treated, but in no instance will an incurable case be taken for treatment. If your case is incurable the Doctor will frankly tell you so, also caution you against spending more money for useless treatment. The object of this course is to become rapidly and personally acquainted with the sick and afflicted. Remember dates and go early, as his offices will be crowded during the last days of free service.

The Doctor addresses himself particularly to young men and middle-aged men who are suffering from the awful effects of early indiscretions, and are thereby unfitted for study, business or the proper enjoyment of either married or single life. In this distressed condition are many thousands, who, although originally strong in body and bright in mind, have permitted their ailment to run on and on until finally, with physical and mental powers exhausted, death claimed them. The most obstinate cases of this character treated with unflinching success.

All I want is a fair trial to convince the most skeptical. I use no mercury or other injurious drugs and undertake no incurable cases.

Dr. J. D. Prosser, A. M. M. D.

No cure, no pay; no knife; no denture from business. Cure guaranteed in 10 to 90 days.

(largely positively cured by the German Method.

Consumption, Asthma and Bronchitis treated by Prosser Brown-Sequard's Method. Prepared under the direction of the Pasteur Institute, New York. Entered by the profession.
